

BACHELOR OF SCIENCE NURSING (TOP-UP)

This course is perfect for you, if you are a diploma-qualified, registered nurse who wants to develop the contemporary knowledge and skills required to impact people's lives and health systems locally and globally while advancing your career.

On successful course completion you can aspire to:

Be promoted to a higher-level position, with management and leadership responsibilities, within the Health Care Sector.

Contribute to the development of the existing workforce or education and training of future health care practitioners as preceptor, clinical educator or coach.

ABOUT THE DEGREE

The BSc (Nursing) - is a top-up program, designed to build on the professional knowledge and skills of diploma-qualified, practicing Registered Nurses. The program of study supplements the strong practical expertise of the vocationally trained Registered-Nurse by taking the study of research, evidence informed practice and the biological and behavioural sciences underlying nursing to greater depth.

Emphasis is placed upon the development of professional nursing competencies and on enhancing one's capability at evidence-based decision-making as a member of an inter-professional team in a changing health care

system. Successful completion of the program provides the opportunity for career advancement locally and for registration with Nursing Councils worldwide for those who wish gain international nursing work experience or full-time employment.

COURSE RECOGNITION AND STUDY PATHWAYS

This course is accredited by the Mauritius Nursing Council (MNC).

BSc (Nursing) alumni can also proceed with a large variety of post-graduate certificates, diploma's and Master's programmes in Nursing and other Allied Health disciplines.
